* Westabou Montessori School offers a tuition discount for a limited number of families each year based on a sliding scale related to household income. We offer this program using the guidelines set forth by the Georgia Goal Scholarship program. First preference for sliding scale spots goes to families who live in the Harrisburg neighborhood.

Please let the Head of School know if you would like to apply for this program when you submit your child's application. New family fees may be pro-rated for families who participate in the sliding scale program.
